## Bantams head for Coronation

By Shirley Osinchuk

Thursday, March 12, the Smoky Lake Bantams arrived early to get warmed up and familiar with the arena. The winner of this game would go to the Bantam "C" Tournament on March 26 in Coronation. Both Smoky Lake and Elk Point had beaten three other teams to make it here to the finals.

Mr. Barwick played O'Canada, as Katharina Ludlage and Tobey Conrad skated around the ice, carrying Canadian flags. Miss Lakeland, Katherine Mistol, dropped the puck for team captains, B. McMullen for Smoky Lake and Blaine McLaughlin for Elk Point.

The carpet was rolled up, the photographers scurried off the ice, and the game was on!

Elk Point had the edge, with a 4-1 score at the end of the first period. From then on it was a

runaway. The final score was 18 to 3 for Elk Point. Jason Reinhart scored seven goals, Lindsay Jenner scored three, Dennis Pelletier and Tod Anderson had two each, and Jim Onusco, Blaine McLaughlin, Darcy McLaughlin and James Capjack, one each.

Good luck in the Provincial tournament, Bantams.

The Elk Point boys left early Friday afternoon to be on the ice at 5 p.m. in Fort Saskatchewan, in a tournament there. They beat Josephburg 6-5 on Friday, then met Tofield at 10 a.m., winning 6-0. At 7 p.m. they played Athabasca and lost 12-4. On Sunday, at 11:30 they played for the B Final against Fort Saskatchewan and won 7-2.

Jason Reinhart had three hat tricks during the tournament.

Blaine McLaughlin, Tod Anderson and Robbie Harms won hockey sticks.

MISS LAKELAND OFFICIATES AT FACE-OFF — Miss Lakeland, Kathy Mistol, adds a touch of glamor to the face-off between captains of the Elk Point Bantam Elks and Smoky Lake Bantams. In the background with

twin Canadian flags are figure skaters Katherine Ludlage and Tobey Conrad. Darwin Roscoe escorted Miss Lakeland to centre ice.

## Babcock defeats Merrick in Town and Country

Mounting excitement filled the Elk Point Curling Club Sunday evening, as Elk Point rinks skipped by Bob Merrick and Murray

Babcock vied for the Grand Challenge trophies.

Merrick took an early lead, counting two in the first end and

three in the third, compared to Babcock's single in the second. A five-ender put Babcock back in the running in the fourth end,

with Merrick adding single points in the fifth, sixth and eighth ends, and Babcock adding one in the seventh. Three-enders in ends nine and ten for Babcock sent his rink to collect the Elk Point Hotel trophies, along with four freezer-ready hogs, donated by Allan Berg, Babcock Farms and St. Paul Packers.

The Joly rink won tool sets from Bumper to Bumper and the Curling Club, while the Shankowski crew took home a quartet of jackets from Work Wearhouse and the Curling Club. Brian Anderson's third place rink won air chisel sets from Acklands and the Curling Club, while Pete Stafford's fourth place rink won

HOTDOGS FOR RICK HANSON — Elk Point Town Councillors Allan Frankiw and Marshall Kachmar visited the Grade 4 classes of Elk Point Elementary School and their teacher, Lee Wruth, who were conducting a hotdog sale to raise funds for Rick Hanson's Man in Motion

Tour. Derek Kalynchuk and Tammy Zacharuk served lunch to the Councillors. The sale raised a total of \$123.48 in profit. Councillor Kachmar, who heads the Man in Motion fundraising drive for the Town, said "Rick Hanson would be proud of these kids."

### Pictures--Page 5

Ghettoblasters from St. Paul Marshall Wells and the Curling Club went to the Merrick rink, with intercoms from Radio Shack and the Curling Club going to the third place Dale Appleton rink, and briefcases from Marshall Wells and the Curling Club, plus hats, belt buckles and pens from Alberta Wheat Pool, to the fourth place foursome skipped by Allan Berg.

The John Wozniak Texaco trophies for the Second Event went to the Roland Joly rink from St. Paul, who won a very close game against Chris Shankowski of Elk Point. Mrs. Shankowski was down three points after nine ends and gained two in the tenth, with a third rock only a fraction of an inch from tying the score.

thermoses from Work Wearhouse and caps from Elk Point Meat Processors.

Cliff Martin's St. Paul rink had a runaway in the Third Event final, defeating John Zayonce of Elk Point for the Victor Yushchyshyn and Sons trophies and a prize of electric griddles from Phil's Hardware and Variety and the Curling Club. Curling pants from Champ's Sports and the Curling Club went to the Zayonce rink, while mixers from Macleods and the Curling Club and thermostatic outlet cubes from Fischer's Automotive went to the Ted Yarmuch rink, and sleeping bags from Macleods and the Curling Club to the Elk Point Ambulance rink, who placed third and fourth respectively.

## Big fish biting at Elks derby

By Mildred Dunham

Elk Point Elks Lodge held their annual ice-fishing derby at Kehewin Lake on Sunday, with 61 entries from Ashmont, St. Paul, Owlseye, Edmonton, Derwent, Elk Point and surround-

ing districts.

Seven trophies were presented to those having the largest fish in each category. Angie Berg caught the largest perch in the Ladies Division, which weighed in at 13 ozs., outdoing the catch of men's perch winner Marcel Brousseau by ½ oz. These, however, were small compared to the Girls' Perch, weighing 16 ozs., caught by Shelley Krankowsky, and the

Boys' Perch, weighing 17½ ozs., caught by Ricky Krankowsky.

The largest pike was caught by Men's Division winner Mike Breen, weighing 7.5 lbs., while the Boy's winner, Gerard Bugera, caught a fine 3.6 lb. fish, and Ladies' winner, Stella Blazenko, caught a 2.1 lb. beauty.

Bob Paynter of the Elks Lodge was in charge of arrangements for the event.

## 40 Years of Canadian Citizenship 1947-1987

April 12-18 is National Citizenship Week in Canada. It is a time to celebrate and reflect upon the strengths and values of Canadian life — equality, diversity and community.

# 4-H Beef Club speaks off

Elk Point 4-H Beef Club held their annual Public Speaking competition Sunday, with seven juniors and three seniors taking part.

The audience of family and friends of the speakers was entertained with a wide variety of speeches, both serious and amusing. Former club member and speakoff champion, Connie Ahern served as Mistress of Ceremonies for the afternoon. Judges were FCSS Director Marnie McCowan, former 4-H leader and the parent Linda Ference, and Mayor Byron Mann.

Barbara Naber topped the Junior section with an informative speech on

"AIDS — Could it be the worst epidemic ever?" and an impromptu speech on the importance of going to school. Cody Kurek spoke on the history of and interesting facts about the 4-H program, with an impromptu on "Why I Would Like To Be A Teenager", for second place. Both Kurek and Miss Naber are first year 4-H members, as are three of the other five junior speakers.

Michelle Theriault spoke on the growing tragedy of Suicide, Jeff Orr on the important decisions he faced when choosing his 4-H calf, Dorothea Naber on "Peace and War" on both personal and worldwide levels,

Michael Yushchysyn on the events of the farming year and Renee Theriault on bringing an end to terrorism, to round out the Junior part of the program.

Leanne Drobot, who also won the Senior division in 1985, placed first among the three Seniors with a glowing testimonial to the opportunities, project skills and lifeskills offered by the 4-H program and a humorous impromptu on "My Mother's Worst Habit: Taking Pictures". Dwayne Vogel also promoted 4-H with his second place speech entitled "Learn To Do By Doing" and an impromptu on the necessity of money. The third Senior speaker, Megan McCuaig, outlined the itinerary for her "Dream Trip" and added a few imaginative hints on "How to do homework" in her impromptu.

Trophies were presented to the winners by Gordon LeDrew of the Alberta Treasury Branch and Vicki Brooker of the Lakeland Review.

**TOP SPEAKERS** — At Elk Point 4-H Beef Club's 1987 speakoff were (l-r) Dwayne Vogel, 2nd, and Leanne Drobot, 1st in the Senior category, and Barbara Naber, 1st and Cody Kurek, 2nd, in the Junior category.

## New shot combats H. I. B. meningitis

The North Eastern Alberta Health Unit Board announced today that all eligible children get this shot, commencing Monday, March 16 a safe one shot H.i.b. vaccine will be offered at health unit offices. H.i.b. (short for haemophilus influenza type B bacteria) is the commonest cause of meningitis in young children and should not be confused with influenza or the common flu, which are caused by viruses. The vaccine will be offered to all two year olds, and three and four year olds who attend day care. Children who have a disease or receive treatment that depresses their immune system are also eligible for the vaccine.

Dr. Clarkson, the Medical Officer of Health, emphasizes that the majority of young children who contract Hib meningitis are under two. While children under 5 years are at risk, this risk diminishes quite sharp-

ly after two. Families with children aged 3 and 4 years who are not in day care may wish to consult their family physician about the vaccine. It is expected that a vaccine will be marketed later this year that will be effective for 18 month old children. This vaccine will be introduced in the health unit when it becomes available. In the meantime, Dr. Clarkson urges all parents with children two years of age and those turning two to take them to the nearest health unit office for their H.i.b. shot at their first opportunity.

However, he notes that if meningitis due to the Hib bacteria would be reduced by 20%. Dr. Clarkson says that this is a major breakthrough, for even with the best medical care, about five or six children in Alberta die from it each year. Another thirty or forty are left permanently handicapped. In fact, Hib meningitis is the commonest cause of acquired mental retardation.

Special clinics for all 2 year olds and 3 and 4 year olds who attend day care centres will be held for 2 weeks commencing Monday, March 16. Parents should phone their nearest local health unit office to confirm the times of these clinics.

### NORTH EASTERN ALBERTA HEALTH UNIT Special Immunization Clinics for Haemophilus Vaccine

(H.i.b.)  
will be held

## GO BANTAM ELKS GO!!

## Welcome, oilmen

A hearty welcome to all the curlers who are visiting Elk Point for the Fourth Annual Oilmen's Bonspiel. Whether this is your first visit or your fourth, you are sure to have an enjoyable time this weekend.

The Elk Point Oilmen's Association has once again done a commendable job of their planning for four days and evenings of non-stop activity. In spite of the oilpatch downturn, these gentlemen have done their utmost to ensure that this year's event will

lose none of the prestige it has enjoyed in the three previous years.

The fluctuations of the economy are something which are beyond our control, so for this weekend, let those take a back seat, while you enjoy the relaxation and excitement this just-for-you sporting event has to offer.

May all of your draw shots hit the button, and may your cronies believe all your tall stories. Enjoy yourselves!

## Province-wide recognition

"Where the heck is Elk Point?" was a question heard this past weekend by a spectator at last weekend's provincial figure skating championships in Bonnyville, when one of our local stars on ice went up to accept her medal.

Before long, no one will need to ask.

Our oil patch activities have been much in the business news during the past few years, through times of boom and cutback, although some southern suppliers still harbor a thought that our oilfield service personnel get around on snowshoes.

Minor hockey has come to know the Elk Point boys, through their participation in various Provincial Finals through the last few years. Once again this year, the talents of our young men will be displayed to a wide audience, when our Bantam Elks vie for the Provincial title in Coronation next week.

Now we are gaining recognition among figure skaters. Next year, those from towns and cities out of our area will say, "Elk Point is here again".

These young people are our ambassadors to these sporting events, and we know they represent us well, as Alberta finds out where Elk Point fits on the map.

YES, THE PUSSY WILLOWS ARE STARTING TO SHOW — But it will be a goody while before the daffodils burst forth — around here. On Vancouver Island's fields, they are getting in the mood, along with the tulips.

I. Magnusson

### Alberta Trails

## March brings breezes

By Irene Magnusson

"Loud and shrill, to wake the sleeping daffodil," so ran the predictions of the little verse for all seasons that we learned as kids - at home or at school, I forget which. I still think it would take some super breezes to wake the daffodils around here in the merry month of March! But they can try.

March is a very hopeful month, we are surely through the worst of winter. Even on a mild winter such as we have enjoyed, we still are anxiously awaiting spring, and the closer we get to it, the more hopeful we become.

March is now the third month of our year, (Gregorian calendar) but it was once the first month (Roman calendar), and continued as the first month of the year in England until they changed their "time schedule" back in 1752, and adopted the Gregorian time marker. March 25th was considered the start of the new year.

About this time we come to the vernal (or spring) Equinox, that time when the days and nights are of equal length, and someone, somewhere can't stand it, so they decree that we adjust our clocks to that something called Daylight Saving Time. It is also about the time when snow is on the go, the little streams start to flow, all the kids know where to go, and soft spring breezes are known to blow.

March happens to be a time in my family's year when we have the most birthdays. Two of my sisters were born in March, one brother, numerous aunts, in-laws and my dear husband Cliff.

For those persons who look to the skies for input to their lives, let it be known that those born between February 19th and March 20th, are under the sign of Pisces, (the Fishes). Your Birthstone is the Sapphire. Those born between March 21st and April 19th are under Aries (the Ram), and your Birthstone is the Sardonyx.

Long ago it was believed there was direct link between the wearer of these precious stones and the Cosmic Universe, and that the stones brought a hidden magic good luck to wearers. Come to think of it, some folks still believe that.

The Birthday Flower for the whole month of March is the red rose, which symbolizes faithfulness in romance, and can bring happiness and success to its deserving wearer (with all bets off, if wearer is unfaithful to his true love).

Some of you may want to try an old timer's method of predicting the weather for the next six months: what you do is find the exact time of the spring equinox, which this year is (22:52 EST on my calendar, so I decipher that to be 22:52 - 12:00 equals 10:52 hours, minus 2 to give us MST, all this being) 8:52 a.m. on March 20, 1987. The prediction: if the wind is from the south at that time, warm weather is predicted, if from the north, cool weather. If from the west, mostly clear; from the east, we get many storms. If there is no wind at all at that exact time, then we should expect very little change in our weather patterns.

All of these predictions to last for six months, then we can do it all over again in September, for the fall and winter. Ho hum. I think I'll just listen to the CBC weathercast.

And what of the old saw about March coming in "like a lion" necessarily going out "like a lamb?" Much more fancy than fact, says my Weather Trivia Calendar, with only two times out of ten coming true. So don't worry that we had a very nice March 1st this year - we will probably have a very nice March 31st, too.

March of last year saw Good Friday on the 28th, with Easter on March 30th, 1987 will see Easter a good three weeks later, falling on the 19th of April, as it does. Good old St.

Patrick's Day, however, never deviates, and arrives on the 17th of March, as usual.

The full moon of this third month of our year occurs on Sunday the 15th, and in Indian legends is known as the Full Worm Moon - do not ask me why. My guess is that it was not named by natives in this exact area, but more likely those down along the Mississippi.

I have a little booklet called "The Nature Lover's Birthday Book," which has a few lines of poetry for each day of the year, and here my family's birthdays are recorded. For the 7th, which was my husband's birthday, is written:

Up from the sea the cold north wind is blowing

Under the sky's gray arch;  
Smiling, I watch the shaken elm-boughs, knowing

It is the wind of March. - Whittier

**Retired teachers plan June tour**

**By Vera L. Romanchuk**

An interesting, business filled luncheon meeting of the Northeastern Retired Teachers' Association, NEARTA, was held in the banquet room of the Lakeland Hotel in Bonnyville on February 17, 1987. The main topic to be discussed was a June two - or three - day tour of the Tyrrell Museum of Palaeontology in Drumheller.

Sid Holthe, our president, called the meeting to order about 11:15 a.m. The attendance sheet disclosed only twenty-four members present, but it wasn't a good day for travelling. We should all fifty-nine of us strive to attend, if at all possible. This would make our organization much stronger. The \$150 start-up grant from the Cold Lake A.T.A. local was very much appreciated to help us carry on our business. It was decided that we use commercial facilities for our luncheon meetings, rather than catered-to lunches, as much as possible. There was a deficit of \$35 for our Christmas party.

All committee chairmen gave us their volunteer helpers on written lists. They are:

1. By-laws - Oliver Lafleur (Chairman), Sid Holthe.
2. Program - Anne Lindgren (Chairman), Marie Kapicki, Mary Poirier.
3. Publicity - Vera Romanchuk (Secretary).
4. Phoning - Juliette Lafleur (Chairman), Rose Gray, Jane Dahlstedt, Irene Melin, Selma Reid.
5. Membership - Jean Brown (Chairman), Jane Dahlstedt, Rose Gray, Helen Johnson, Mabel Dumont.
6. Historian - Margaret Modin

7. Finance - Ruth Yausie (Chairman), Joe Stonehocker, George Mahrt.
8. Pension - Maurice Depledge (absent on a trip).

Reports from each committee are to be given at our next meeting, perhaps in early June.

After much discussion on our June tour to the Tyrrell Museum, it was left to the three-member committee, Sid Holthe, Anne Lindgren and Vera Romanchuk to look into all matters for the trip. They were to decide on a

two - or three - day tour using either Bonny Tours or Diversified Tours for our transportation. Expenses for transportation and motels will be decided upon and all members contacted through our phoning committee. The tour will likely begin at Cold Lake in the reasonably early morning of the first day and then it will pick up along the way. The larger bus holds forty-seven passengers. Let us make this a pleasant outing for the summer and fill it with teachers (retired ones first), then the public.

# Elk Point Midgets win own tournament

Elk Point Midgets kept the Dave's Pizza trophy right here in town with three wins and a tie in the five team Midget Hockey Tournament they hosted this weekend. Gold medallions from Dave's Pizza were presented to the jubilant players who had worked hard for their victories.

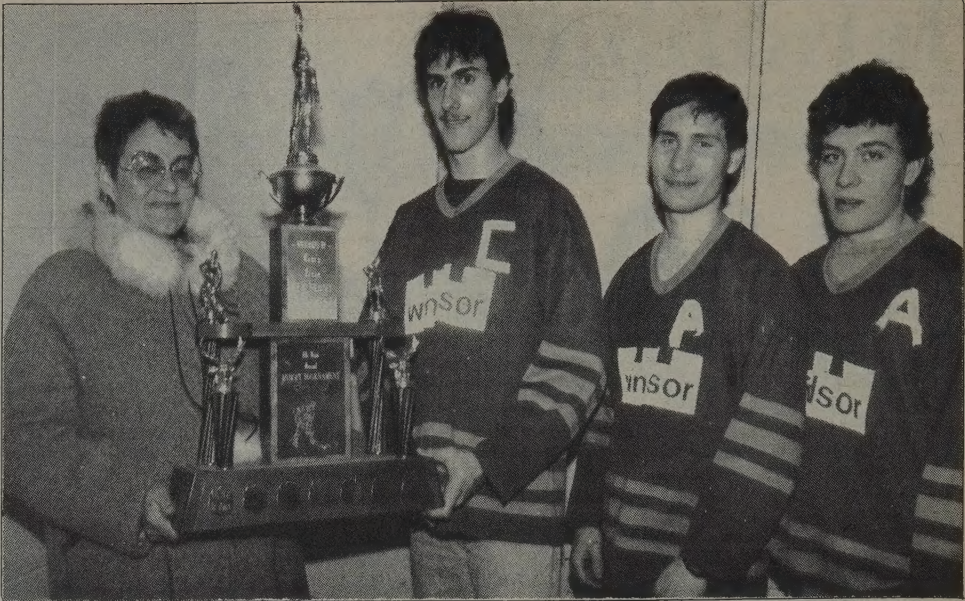

Scores of 10-1 over Cold Lake, 5-4 over Vermilion, 7-7 against Camrose, and 6-3 over Mannville brought the victory to Elk Point in the round robin tournament. Most Valuable Players in the games were David Hellquist, Darwin Roscoe, Travis Bretzer and Garrett Gregoraschuk.

"A" Event silver medallions donated by Phil's Hardware and Variety went to Camrose, who had

two wins and a tie to their credit. "B" event silver, donated by Gregg's Family Shopping Centre, went to Mannville with two wins while the Bronze, from Elk Point Insurance & Realty, went to Vermilion, who also had two wins but less goals to their credit. Cold Lake placed fifth, with four losses.

Most Valuable Players on each team, during each game received medallions donated by Canadian Salt. Max Kondla judged the MVPs for each and every game, with his efforts much appreciated by the tournament organizers.

Oranges to refresh all the players were donated by Golden Loaf Bakery in St. Paul.

VICTORIOUS MIDGETS — Lorne Demchuk, Garrett Gregoraschuk and David Hellquist accept the Dave's

Pizza trophy from Leona Bretzer.

# Catch ZOOT

For Alberta Teens  
Age 12 To 17

**THE WHAT**  
ZOOT, The Magazine. That's what! It's outrageous. It's music. It's colorful. It's graphic. It's videos. It's rad. It's what's happening. It's fashion. It's advice. It's hot!

**THE WHO**  
If you're an Alberta teen between the ages of 12 and 17, ZOOT is for you. It's written for teens, about teens. And best of all — it's free for Alberta teens! If you live outside of Alberta, you can receive ZOOT for a mere \$9.00 a year.

**THE WHEN**  
ZOOT can appear magically in your mailbox six times a year. All you have to do is ask for it. But not in front of your parents. They'll think you're sneezing (Ahh, ZOOT!!).

**THE WHERE**  
We're not sure where ZOOT comes from either. But we do know that if you fill out the handy coupon and send it in to ZOOT headquarters, your life will be changed forever. Now, where's that pen?

ZOOT brought to you by:

# Dewberry News

By Phyllis Ewen

Once again Dewberry is fighting to keep its High School. On Wednesday, March 11, at 7:00 p.m. in the Dewberry School Auditorium, over two hundred people from Dewberry, Tullibee Lake, Marwayne and Clondonald turned out to a public meeting called by the County Board of Education.

The purpose was to present and entertain response to the notice of motion to transport the Grade 11 and 12 students of Dewberry High School to Marwayne High School for the 1987-88 and 1988-89 school terms. Following presentations by Dr. Al Anderson and Mr. Angus Smith explaining the economic reasons behind the motion, Mr. Aaron Foulkes presented his proposed bussing program. Chairman, Mr. John Scott, then conducted an orderly exchange between the crowd and the County Representatives.

A series of briefs were presented followed by spontaneous questions from the floor on a series of concerns. Dale Bates posed a series of questions dealing with the financial aspects of the move. This was followed by briefs from Frances Stone on bussing, from Leona Fulton on time tabling, from Maxine Holmen on the social impact of the move on the students, from Gertrude Blacklock, the Mayor of Dewberry, on general concerns of the Village, and from the Board of Trade, presented by Headley Dennill on the over all effect losing a school has on the community.

At the end of the evening, Julie Illingworth presented the Chairman of the County Board of Education, Mrs. Helen Tibbitt, with a petition of 183 names from the Community who wish to retain Dewberry High School.

Mrs. Ritt spent a week visiting with her daughter Mary, Mrs. Steve Trach & family at Two Hills, arriving home March 4th. She particularly enjoyed watching granddaughter Dianne's eight month old baby in the swimming pool at Vegreville.

A Minor Hockey Meeting was held March 5th. Date set for the Annual Wind Up Supper is Friday, April 3rd, at 6:00 p.m. - Dewberry Hall.

Eighteen Members of the Dewberry Lion L's enjoyed a potluck supper prior to their meeting on March 4th. Advance tickets will be on sale soon for their fashion show on April 8th. The recipes have been mailed to Gateway Publishers, at Winnipeg. The price for the cook books was set at \$10.00 each. The Lion L's have several catering jobs - two weddings, graduation banquet on May 29th, Barbecue Supper for Town's 60th Anniversary on July 25th, Co-op and Alberta Wheat Pool dinners.

On March 6th, Mrs. Holly Holmen, wife of our Alberta Wheat Pool Agent, had the misfortune to slip on a patch of ice and break her leg. We are thinking of you.

Mrs. Coreen Still had her daughter Tamara and husband Roger Grigor from Grand Forks, North Dakota, also her son, Darren Still from Calgary arrive March 9th to visit for a few days.

Sons Leslie from Edmonton, Terry and John from Lloydminster and families were home to help their dad, John Anderson, celebrate his Birthday on March 5th. In the evening his fisherman buddies, accompanied by their wives, and friends of Keith and Rose Brett arrive to join in the celebration.

On March 8th - Don and Vyna Fluney and Harold and Julie Illingworth and families left on a ski trip to Jasper, Alberta.

Thirty two rinks entered the Dewberry Mixed Bonspiel held February 23rd - March 1st. We had good weather, good curling on the three sheets of artificial ice, and an excellent barbeque beef banquet, Saturday night, organized by Cathy Finlay and Cynthia Blacklock. Jack Rogstad organized the Sunday morning breakfast of hash browns, bacon

and eggs. The Melvin Bates rink from Edmonton defeated the Wally Rausser rink from Dewberry for the Grand Challenge event. Jens Westgaard, Islay, placed third with the Jack Rogstad rink, fourth. Don Martin's rink won over Glenn Ewen's rink, Dewberry in the second event. Calvin Labiuk placed third, with the Allan Lumley rink, fourth. Dale Boisvirt's rink won the third event over Murray Cole's rink. Gerry Kent placed third (all three top rinks from Marwayne) and John Maire's rink from Islay fourth. Linx Oilfield Maintenance (Jim and Joan McDonald) donated

the Grand Challenge trophies, Denill's Garage donated trophies for the second event with the Credit Union donating trophies for the third event, in all three bonspiels at Dewberry - Men's, Ladies and mixed.

The raffle winners were: afghan, donated by Rose Brett, won by her granddaughter, Michelle Chartrand; set of dishes, donated by Bernie and Mabel Garnier, won by Loretta Bowman; and the winner of the thermos, donated by Nelson Lumber, was John Maire of Islay.

Dale and Sharon Bates and Marty and Terry Lynne Hines won first in

the third event in the Marwayne Mixed Bonspiel, played this past weekend.

Mrs. Dave Shoop has just returned from visiting her 96 year old father who lives at Turner Valley.

Ken and Lynette Dean and family enjoyed a four day visit with Lynette's brother Sydney and family at Iron Springs, Alberta. Reported a good time with no snow and enjoyed watching their twelve year old twins play basketball - even had a horseback ride!

Eva Mirback visited her son Dick and family in Edmonton and took in

the Rick Hansen Rally.

We wish to extend our heartfelt sympathy to Mr. and Mrs. Allan MacDonald and family on the loss of their son, Sandy at the age of 48 years.

# Now, you can use a radar detector to find police before they find you!

And finding police before they find you is truly a pleasure. You know why. You see a police cruiser, and immediately you think you're guilty. Your heart rate increases, and you wait nervously wondering if it's you they got. Sometimes you're lucky, and cruise right by. But other times you're not so lucky - "Oh no! Why me? I don't deserve this!" But now, finally, you can have the upper hand - you become the hunter, instead of the hunted. Nice change, isn't it?

But even better, a radar detector allows you to say "good-bye" to the frustration and irritation of speeding tickets - and fines, higher insurance rates, demerits, and, of course, the officer you just drove past. And that is truly a pleasure.

A radar detector gives you peace-of-mind and carefree driving. It lets you relax as you drive. You enjoy the road. You know you'll be warned if the police are out there. And with summer comes increased driving. This summer, you can be comfortable and protected.

Yes! Radar detectors are now totally legal in Alberta. Finally, there's a way to fight back against those revenue-based speed traps. A way to fight back against an officer who's out to meet a quota at your expense; or charged for not knowing the speed limit had changed; or pulled over when you were driving safely and reasonably.

## How do radar detectors work?

A police radar signal is a microwave signal, very similar to an ordinary radio station signal. A radar detector is basically a radio receiver. It receives micro-wave transmissions just like your AM-FM radio, and that's all it does. It picks up that signal, then "communicates" it to you. And now, that signal is legally available to us all.

## What makes a good detector?

A good detector is classed on how well it "communicates" with you. A good detector screens out false alarms. It gives you warnings at up to 10 times the range of police radar. A good detector adjusts to your driving conditions. It must do all this conveniently, and still look good in your car.

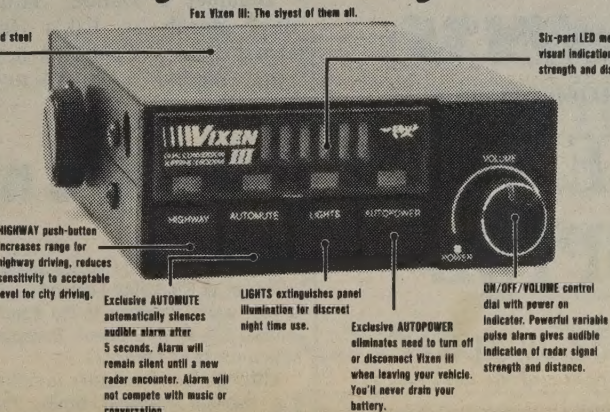

*I purchased my radar detector in 1982. Since then, I've probably gone through 200 radar traps - city and highway. And while using my detector - no speeding tickets. It's one of the best investments I've ever made. I only wish I'd done it sooner.*  
Eric Kassian - Calgary, Alberta

## Introducing the "Fox" Vixen III - first-class protection at a first-class price!

The Fox Vixen III is that detector. Fox is a name you can trust. Since 1975, over one million Fox detectors have been put into service. Fox stands behind its superiority by offering a one-year warranty on all parts and service, at absolutely no extra cost.

The new Fox Vixen III, like Vixen II before it, (Vixen II earned Road and Track magazine's highest rating), was developed after years of extensive research. The Vixen III is the best of everything. With the Vixen III you find yourself in a driving environment free of worry. It lets you relax and enjoy the drive. You know you've got superior protection on board.

When the crafty Fox Vixen III sounds an alert, you know it's time to act. A double alert keeps you in control. When police radar is picked up, a pleasant audio alert sounds. Then a glance at the LED meter gives you an immediate reading on signal strength and distance. Irritating false alarms are minimized. The Vixen III uses technology previously used in sophisticated

military radar. The results? You are warned of radar at up to 10 times the range of police radar. The most sophisticated protection available on the market is the clever Fox Vixen III. A detector and a price sure to make your friends envious.

## How do we offer a price so low?

Trimeric shops the world for you, then sells "directly" to you. Middlemen, overhead and mark-ups are minimized. The savings are passed on to you, and the product is delivered right to your door. You save \$80\* off the regular suggested price. Shop around. The superior protection and comfort of the Vixen III at this price is an exceptional buy!

The craftiness of the Vixen III can be in your car just four business days after we process your order. There is nothing more convenient. What a great way to go shopping! Vixen III will come completely insured against loss or damage. Simply pick up your phone, or mail the coupon below, and the protection of the sly Vixen III will be delivered by courier for your no-obligation 15 day trial.

## 15 days to try your Vixen III!

Why not test-drive Vixen III for 15 days? If you aren't completely satisfied, return it for a full, prompt refund. There are absolutely no hidden charges.

Go ahead. Try it around bends, over hills, and on the straightaway. Against stationary, moving or pulsed radar, the Vixen III delivers high performance at a low price - and it costs you nothing to put the crafty Vixen III through its paces. You'll see the Vixen III picks up all kinds of radar, whether instant-on or continuous, at up to 10 times the range of the radar source.

*Remember, owning a radar detector doesn't give you a licence to speed. It is to be used as a defence against unnecessary speeding tickets caused by revenue-based speed traps or occasional lapses of concentration on the part of the driver. Please drive safely.*

## Don't wait!

Call now, toll-free, 24 hours/day, 7 days/wk., or mail this coupon.

1-800-372-9298

Get the protection and comfort you deserve. Get the crafty Fox Vixen III radar detector before it's too late. You'll get this high quality detector for only \$295.00 plus \$3.85 shipping and handling. And nowhere can you try a detector for 15 days and return it - no questions asked!

SAVE  
**\$80.00**  
off the suggested retail price

## Compact and easy to use!

Plug the sleek Vixen III into your cigarette lighter plug, and you're on your way. A versatile mounting kit allows quick installation on any dash or sun visor. Changing vehicles? Or cities? A rugged, attache-style carrying case makes it easy.

## Yes, there are cheaper detectors.

Even at this low price, you'll find detectors at lower prices. But don't expect them to perform with Vixen III's accuracy, cleverness, or precision. And don't expect them to have the features of Vixen III. Because you do get what you pay for!

Can you risk not having the best protection available? This will likely be the only detector you'll ever buy. Shouldn't you invest in first-class protection, backed by an excellent warranty, for total quality assurance? Shouldn't you have the cleverness of Fox Vixen III, at the lowest possible price? With a cheaper detector you get numerous false alarms; then you lose trust in the detector. It's just not worth always wondering! While no detector completely eliminates false alarms, the Fox Vixen III gives you consistency you will learn to trust.

## You get benefits beyond compare!

No other radar detector offers the features and performance of your Vixen III. You receive maximum protection against traffic radar while enjoying the ultimate in driving convenience and pleasure.

As the picture shows, you get full-size push-buttons, each with their own on/off indicators, allowing you to conveniently adjust the Vixen III to your driving conditions.

You also get the rugged, but small and lightweight construction of the Vixen III. The stylish, black front control makes the Vixen III as handsome as it is functional.

The Vixen III comes complete with cigarette lighter power plug and cord, dash/visor mounting bracket, Velcro® for alternative dash mounting, convenient carrying case, and a comprehensive owner's manual describing police radar and how to get the most from your crafty Vixen III.

But your most important benefit is the legal protection against revenue-based speed traps. Now, you can do the hunting, with the ultimate in radar protection and comfort. Find out why they say "smart as a Fox." Let the Fox find police before they find you.

*Since I got my Fox Vixen in 1986, I would guess I saved myself \$1000. The Vixen is great; it's a detector I can trust. I don't go anywhere without it.*  
Sheryl Sekora - Leduc, Alberta

## Easy and convenient ordering!

Shop by phone, or by mail, whatever's easiest for you. And choose the payment option you find most convenient. Within four business days of processing your order, the crafty protection of the Fox Vixen III will be delivered to your mailing address. What a great way to buy!

Don't wait to get the protection you deserve. Act now, before you find yourself wishing you'd had Vixen III along for the ride. Because now is the time to buy yourself a powerful weapon against the frustration of speeding tickets. Why put it off? And now, at an exceptional price. With the usual increase in summer driving miles, there's no better time. You'll be glad you did!

Get Fox radar protection before radar gets you.

The Vixen III comes with everything you see here, plus a one-year warranty at no extra charge.

## Mayor's message

Dear Bonspielers:

On behalf of Town Council and the  
residents of Elk Point, I extend to you  
a very warm welcome to the Fourth  
Annual Elk Point Oilmen's Bonspiel,  
which starts on March 19.

Although the oil industry is suffer-  
ing through troubled times, this  
bonspiel remains as one of the  
showcases for our local petroleum in-  
dustry. Even though the bonspiel will  
be on a slightly smaller scale this  
year, the quality and spirit of past  
Oilmen's Bonspiels remains intact.

Based on my experience through  
the first three bonspiels, all par-  
ticipants, both newcomers and  
returnees, can look forward to some  
semi-serious fun curling, excellent

social activities, and an opportunity  
to renew old friendships and start  
new friendships, as well as perhaps  
swapping a few old stories. We look  
forward to meeting you this year and  
in years to come.

My personal best wishes to all the  
curlers for a successful and enjoyable  
Fourth Annual Elk Point Oilmen's  
Bonspiel. Also, from all the curlers,  
our thanks to the organizing com-  
mittee for the time and effort spent on  
making this bonspiel a memorable  
occasion.

Good luck, good curling, and let the  
good times roll!

Best wishes to all,  
Byron Mann  
Mayor of Elk Point

BYRON MANN

We welcome our friends in the oil industry to the

FOURTH ANNUAL

# Atoms semi-final playoffs

Elk Point Atoms defeated Mallaig #1 6-2 in the first game of the semi-final playoffs Friday evening at home. Good goaltending on the part of Mallaig's Yvon Dubeau kept Elk Point from scoring until halfway through the first period when Brad Poitras assisted Aaron Aarbo to get things rolling. Aaron MacLellan scored Elk Point's second goal, assisted by Tyson Stafford. Within a minute Stafford scored again unassisted. Then it was Jody Brovchanko's turn to score with Stafford's help. Stafford, unassisted, made the score 5-0.

Doug Irvine, with a shot from the blue line, started off the scoring in the third period. Mallaig came back with a goal three minutes later by Maurice Gratton. With one second left in the game, Gratton and Normand Corbiere poked the puck past Dwayne Porcina to end the game with wild excitement.

Saturday, Elk Point became the visitors in Mallaig, where they cinched a spot in a finals with a 6-3 win. Elk Point shot fast and often at Dubeau but it wasn't until 10:25 when Tyson Stafford finally got one past him. It wasn't long until Darcy Pankiw found the hole also, making the score 2-0. Then Jody Brovchanko took a pass from Stafford to end the scoring in the first period. A shot into his own net by a Mallaig player wasn't counted as a goal for Elk Point nor was another shot at the end of the period.

Gratton started the scoring after the first intermission but Brad Poitras, with help from Aaron MacLellan and Jason Morris soon got it back and Tyson Stafford took another for good measure. Before the period was over, Corbiere and Gratton each scored.

A questionable penalty in the third period fired Aaron Aarbo up enough to score one more goal on a pass from Robyn Moroziuk with 38 seconds left. Next game will be against the winner of the Glendon-Bonnyville series, which Bonnyville now leads.

## LAKELAND LEAGUE ATOM DIVISION STATISTICS

|               |               |
|---------------|---------------|
| 1. Glendon    | 5. Mallaig #2 |
| 2. Elk Point  | 6. Kikino     |
| 3. Bonnyville | 7. Vilna      |
| 4. Mallaig #1 |               |

# Clandonald News

By Shirley Osinchuk

Mr. Sandy MacDonald (Ronald Alexander), passed away on Friday, March 6. Sandy grew up in the Clandonald area, was well known and liked by many in the area of Clandonald and Vermilion. Our sympathy is expressed to his wife Lola, his parents, and family and many friends.

The Clandonald-Dewberry Oldtimers Hockey team hosted a tournament in Dewberry on Sunday, March 8. Lindbergh and Innisfree played, with Lindbergh winning 7-5, then Willingdon beat Clandonald-Dewberry by a score of 4 to 3. That put Clandonald-Dewberry up against

Innisfree for the B trophy, donated by Meredith Whiteside's Dewberry UFA. Clan-Dew won with a 6 to 3 score. The A trophy play-off between Lindbergh and Willingdon was a close game with the winning goal being scored by Willingdon in the last 8 seconds of the game. Willingdon won 5 to 4, receiving the trophy donated by Lawrence Parchewsky's Lakeland Glass. The team wishes to thank the two trophy donors.

On Tuesday, March 10, the Clandonald Junior High girls and the Kitscoty basketball teams met to decide the County (Vermilion River) Finals. The score was 6 to 5 for

Kitscoty at the end of the first half, then Kitscoty pulled ahead until they were leading by six points. Clandonald started to gain again, and baskets by Chris Garnier and Kim Rewuski tied the score in the last two minutes at 14 to 14. After two five-minute overtime periods, the score was tied at 17 to 17. In the third overtime period, two baskets by Shannon Convey outscored one free-shot by Kitscoty to give Clandonald the game, 21 - 18, and the winners' pennant. Chris scored four baskets, Dawn DeGiano scored one, Shannon three and Kim, one, and Donna DeFord, Shannon, and Dawn put in

free shots.

Coming soon: Friday, March 20, Parent-teacher interviews, no school in Clandonald.

- Saturday, March 21, Spring!!

- Monday, March 23, Whist Drive at Rusylvia at 7 p.m.

FISH AND GAME AWARD WINNERS AT CLANDONALD — Included, back row: Iris Brown, Horace Osinchuk, Eugene DeFord, Brian Bepalko,

Dennis Ewanec, Eugene Lypowy. Front: Tanya Pankiw, Tessa Sakowsky (for her brother Kyle).

## Fish and game awards night

By Shirley Osinchuk

The Annual Fish and Game Family and Awards Night was held in the Clandonald Hall on Saturday, March 7. Before supper, the six members who passed away in the last year were remembered: Treasurer Louis Garnier, Vice-President George Wovk, long time members Joe Philbin and Fred Goddard, and associate members, Joyce Anderson and Colette Lawrence.

President Alex Kurash reported on the Annual Conference of Fish and Game Associations which he attended in Edmonton from February 26 to 28.

The aims of the organization, he said, should be to increase the quality and quantity of the membership, educate the general public about the organization, show the need for wildlife management, get young people involved, and budget for new program. The Clandonald club is doing the latter, in building a gun range.

Individual members are being urged to write letters to the Honourable Don Mazankowski, Prime Minister Mulroney, and the Minister of Defense, stating their opposition to the purchase of the Rio Alto Ranch for a military camp because it would cut off one access to the Kananaskis. In the time of needed restraint, it seems unreasonable for our government to have offered twice the market value for land for another military camp in Alberta.

The Honourable Don Sparrow spoke of his opposition to game ranching, and also stated that all conversions of grazing leases to farm land are on hold. Farming such land could ruin the environment.

Local Highlights: the Primrose Fish Derby will be on March 14, 15.

- Clandonald Fish and Game Meeting, Thursday, March 19 at 7:30, St. Paul Regional Wildlife Director, Ray Makowecki, will be guest speaker, also showing slides.

- The members only Fish Derby will be on Sunday, March 22, from 10 a.m. to 3 p.m. Bring your membership.

- The ten Hunter Education students will write the exam on

March 24. An ice fishing trip is planned for them.

Vincent Cusack introduced the Trophy winners and Trophy donors. In the Big Game category, Lawrence Bykowski scored 156 1/8 points for a Whitetail Deer, to win the trophy presented by Ken Lawrence of Ken's Service. Ken MacMillan won the Non-typical Whitetail trophy, donated by Dome Petroleum and presented by Ken Williams, with 160 5/8 points. Clandonald Groceries donated the Mule Deer trophy, won by Richard Nelson with 121 2/8 points. An antelope making 64 6/8 points won the trophy donated by Ralph Feenstra for Barry Jacula. Hardy Lawrence won the Eugene Martin Family trophy for an elk making 305 5/8 points. Lora and Vincent Cusack donated the Moose trophy which went to Wayne Blazenko for a moose making 166 points.

The Waterfowl winners were Dennis Ewanec who received the Wheat Pool trophy for a 3 lb. 5 oz. duck, and Darcy Berscht, who won the Henry Botting Family trophy for a 12 lb. 2 oz. goose.

Iris Brown received the Clandonald Fish and Game award for Photography. Horace Osinchuk received the Alex Kurash Family award for Conservationist for his work in caring for the trout pond.

Eugen DeFord received the Hunter Education Award from Energy and Natural Resources, Fish and Wildlife Division, the Honourable Don Sparrow, Associate Minister.

The Junior Fish Awards were all sponsored by the Clandonald Fish and Game. The winners were Brian Bepalko for a 9 lb. 6 oz. northern pike, Tanya Pankiw for a 15 oz. perch, and Kyle Sakowsky for a 5 lb. 12 oz. Walleye.

The Senior Fish winners were: Ken Sakowsky, for a 21 lb. 5 oz. northern pike (the Frank's Shell trophy), Horace Osinchuk, for a 2 lb. perch (the Clandonald Hotel trophy), Dennis Ewanec for a 3 lb. 11 oz. whitefish (the Don Goad trophy) and Eugene Lypowy, who won the Clandonald Hardware trophy for a 7 lb. 10 oz. walleye, the Clandonald Fish and Game trophy for a 2 lb. 7 oz. goldeye, the D & E DeFord trophy for a 6 lb. 15 oz. trout, and the Overall Fish trophy.

Keith and Elaine Baker have recently spent six months in Tanzania at the College of African Wildlife Management. Keith showed slides of the College, the area, their home and hunting scenes. His very interesting commentary lead to a question period and explanation of the artifacts they had brought to show. The hunters in the audience were very interested in the different wildlife and conditions in Africa.
